(Ceres4.50.06)

Service Request or Support:

Issue addressed: The General Journal does not save the fields "Branch Code", "Account Name" or "Allocation Code" to the Standard General Journal for 'General Journal Page'-option 'Save as Standard Journal'.

Type	ID	Name
Table	751	Standard Journal Line

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by adding the missing fields to the "Standard Journal Line" such that their values are saved correctly based on the General Journal translation to a Standard General Journal.
