

Read Me CERES4.50.08 Meal Connect Order Processing Assigns Food Drive No.
(Ceres4.50.08)

Service Request or Support:

Issues addressed:

1. The processing of a Meal Connect Donation Order can assign a "Food Drive No." to a Donation Order when open orders exist for that donor that are already assigned a "Food Drive No." or the Donor is associated with an open Food Drive.
2. When attempting to process a Meal Connect Donation Order, the error "Receiving No. Series" must not be blank is encountered.

Type	ID	Name
Table	38	Purchase Header
Codeunit	14012326	MealConnect Management

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issues such that a "Food Drive No." is not assigned to a Meal Connect Donation Order and the "Receiving No. Series" is set properly.
