

Read Me CERES4.50.14 Grocery Rescue Import does not Process the 15th Item
Column (Ceres4.50.14)

Service Request or Support:

Issue addressed: The Grocery Rescue Import Template (Excel file) provides the ability to enter up to 15 items with their associated quantities for Donors and Agencies. However, the Grocery Rescue Import process only reads to the fourteenth item/quantity column. Thus the resulting Donation and Agency Orders do not contain a line for the item/quantity information in the fifteenth column.

Type	ID	Name
Report	14012375	Grocery Rescue Import

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue such that information in the fifteenth item/quantity column is translated to the Donation and Agency Orders.
