Read Me_CERES4.50.29_Registering a Movement of Non-Palletized Invt. Updates the Bin Code on Invt. Picks (Ceres4.50.29)

Service Request or Support:

Issue addressed: Registering a Movement (WAP) of non-palletized inventory updates the Bin Code on Inventory Pick documents to the "To Bin Code" on the Movement line. This issue only impacts non-palletized items.

Type	ID	Name
Codeunit	14012274	Whse. Wkst.-Register Batch

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by ensuring the "Bin Code" on Inventory Pick documents are updated only if the Inventory Pick document line, calls for the same pallet being moved on the Movement Worksheet.
