# Read Me_CERES4.50.83_Appian Address and Contact Fields Character Length (Ceres4.50.83)

Service Request or Support: Table 14012431 (Appian Stops) and Table 14012439 (Appian Unload Stop) both have fields (Address, Address2, and Contact) that are 30 characters, while the data source for the fields is 50 characters.

| Type | ID | Name |
|------|------|------|
| XMLPort | 14012292 | Appian Routing Info. A |
| XMLPort | 14012296 | Appian Routing Info. D |
| XMLPort | 14012231 | Appian Routing Info |

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by modifying XMLPorts 14012292, 14012296 and 14012231 and adding code to truncate fields 'Address', 'Address2' and 'Contact' for tables 14012431 (Appian Stops) and 14012439 (Appian Unload Stop) to 30 characters during import.
