

Read Me CERES4.50.84 Obsolete Bin Row No. Filter in Ceres Calculate Inventory Report (Ceres4.50.84)

Service Request or Support: The Ceres Calculate Inventory Report presents the Bin Row Filter as an option on the request page. However, it is ignored when processing. The Bin Row field is not on either Pallet or Bin Contents tables, therefore the filter does not apply.

Type	ID	Name
Report	14012567	Ceres Calculate Inventory

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by modifying Report 14012567 (Ceres Calculate Inventory) to remove the 'Bin Row No. Filter' field from the Required Filter Fields list for the Item record.
