Service Request or Support: For non-palletized Items, Ceres allows a quantity transfer from one Bin to another Bin via the Whse. Reclassification Journal in excess of the Bin quantity.

Type	ID	Name
MenuSuite	1052	Dept. - Ceres

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by removing the “Whse. Reclassification Journal” link from the menu (located at: Departments → Warehouse → Goods Handling Multiple Orders → Periodic Activities) as the “Whse. Reclassification Journal” was not intended to be utilized with Ceres.

**NOTE:** All MenuSuites should be re-compiled after application of this fix.

**NOTE:** The “Item Reclass. Journal” can be utilized to complete the same functions as were provided on the “Whse. Reclassification Journal”.
