# Read Me_CERES4.51.10_Allow Calculate Agency Fees on A&R Setup to be changed (Ceres4.51.10)

Service Request or Support: As part of the Lot Costing update the "Calculate Agency Fees from" field on Agencies & Receivables Setup was defaulted to Lot and set to read only.  This does not allow a Food Bank to alter how Item/Agency Fees are calculated.

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by making the "Calculate Agency Fees from" field on the Agencies & Receivables setup page editable so a Food Bank can control how Item/Agency fees are calculated.
