

Read Me CERES4.51.11 Donor No. Simple DropDown List on Donation Order
(Ceres4.51.11)

Service Request or Support:

Issue addressed: Ceres4.50.28 corrected the issue as noted below by presenting the user with the Donor List page instead of the simple drop down list. However, as Donation Orders are used more frequently than Purchase Orders (and the simple drop down is desired), the resolution provided under Ceres4.50.28 was reviewed further.

When navigating as outlined below, the user is presented with the Vendor Card instead of the Donor Card.

- 1. Select Advanced from the simple dropdown on the Donation Order (for the Donor No.).*
- 2. From the Donor List, select Edit, the Vendor Card (captioned as Donor Card) will be displayed.*

Type	ID	Name
Page	14012350	Donation Order

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by adapting the simple drop down list for the Donor No. control on the Donation Order page to reference the Donor List and Card pages.
