

Read Me CERES4.51.19 Missing Selection field on Request Page of Adjust Item
Cost/Prices report (Ceres4.51.19)

Issue addressed: Report 794 - Adjust Item Costs/Prices is missing the following options on the request page: Handling Fee (Per Lb) and VAP Fee (per Lb). The code to update the fields is present but the lack of the option does not allow the user to select either Handling or VAP fees for update.

Type	ID	Name
Report	794	Adjust Item Cost/Prices

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by adding the Handling Fee (Per Lb) and VAP Fee (per Lb) to the "Adjust Field" field on the Request Page. The "Adjust Field" field determines which field will be modified with the value entered in the "New Value" field.
