

Read Me _Ceres4.51.35 Incorrect No. Series Link for Food Drive Table (Ceres4.51.35)

Issue addressed: On Food Drives, the number series is linked to the Parent Vendor Nos. series instead of the Food Drive Nos. series. As a result the incorrect number is assigned to Food Drives.

Objects Affected:

Type	ID	Name
Table	14012349	Food Drive

This release does not present a change in system usage methodology.

Resolution: With this release, Ceres has been enhanced to address the reported issue by changing the No. Series link from 'Parent Agency Nos.' to 'Food Drive Nos.' in the Food Drive table.
