Rescue when Cred. Order & Recr. (Ceres4.51.58)

Service Request or Support: N/A

Issue addressed: When using the "Credit Order and Recreate" option on a Posted Agency Invoice, that was created via the Grocery Rescue process, the user receives a message that a Shopper is required but there is no way to enter a shopper on the posted Agency Invoice.

Type	ID	Name
Table	112	Sales Invoice Header

This release does not present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by adding the Grocery Rescue Import field to the Sales Invoice Header table so the Credit Memo/Return Order and replacement Agency Order are tagged as a 'Grocery Rescue Order', which bypasses the Shopper required edit.
