Read Me_Ceres5.00.20_Incorrect Description on PO/PI Post in Detail Transactions (Ceres5.00.20)

Service Request or Support Case:

Issue addressed: When using PO/PI Post in Detail with the "G/L Only" or "All" option, the description on the resulting transaction(s) is incorrect.

Objects Affected:

Type	ID	Name
Codeunit	90	Purch.-Post

This release does not present a change in system usage methodology.

Resolution: With this release Ceres has been enhanced to address the reported issue by updating the posting process to set the description on the resulting transaction(s) to the purchase line description instead of the purchase header posting description.
