Read Me_CERES5.00.33_ Recurring Jnl does not respect the Show Amounts setting on GL Setup (Ceres5.00.33)

Service Request or Support: N/A

Issue addressed: The Recurring Journal page does not respect the "Show Amounts" setting on General Ledger Setup when the journals are opened from the Role Center.

Type	ID	Name
Page	283	Recurring General Journal

This release does not present a change in system usage methodology.

Resolution: The Recurring Journal was updated to respect the "Show Amounts" setting on General Ledger Setup. Recurring Journal page personalization(s) to the Amount fields (Amount, Debit Amount, Credit Amount) may affect the application of the "Show Amounts" setting. If this occurs, utilize the "Restore Defaults" option which will allow the "Show Amounts" setting to be correctly applied.
