Page	14012695	Ceres Information Online

This release does present a change in system usage methodology.

Resolution: Ceres was enhanced to address the reported issue by adding user definable URL fields for the Ceres Procedure Documents to the Company Information page. Additionally, Ceres was further enhanced by adding four Food Bank definable link fields (Caption and URL) to the Company Information page and the Ceres Information Online portion of the Home Page.

NOTE: When specifying the Food Bank definable links on the Company Information page the user will need to log out and back on to Ceres in order to see the related links on the Home Page.
