

Read Me Ceres5.00.69 General Journal - Test Report Parent Agent
Warning if not Used (Ceres5.00.69)

Service Request or Support Case:

Issue addressed: Gen. Journal - Test report: A warning shows when a Parent Agency does not exist. The client is not using parent agencies and the field is blank.

Objects Affected:

| Type | ID | Name |
|--------|----|------------------------|
| Report | 2 | General Journal - Test |

This release does not present a change in system usage methodology.

Resolution: With this release, Ceres has been enhanced to address the reported issue by skipping Parent Agency warning if "Use Parent Agency" in the Agencies & Receivables Setup not enabled.
